**Subject:** Thank you for the IT Systems Administrator interview - Benjamin Sherman

---

**Dear Ms. Johnson,**

Please accept my sincere thanks for the time and opportunity to interview with you yesterday for the **IT Systems Administrator** position at **TechFlow Solutions Inc.** The visit to your office and tour of your technology infrastructure were informative and reinforced my interest in joining your team. I want to reaffirm my strong interest in this position with your company.

I am confident that my **Associate of Arts and Sciences degree in Help Desk Technology** coupled with my experience as **IT Operations Specialist at Ecker Center for Behavioral Health**, has provided me the necessary background to contribute effectively to your organization. In addition, I would like to highlight my success with **founding and managing Badger Technologies LLC while maintaining my full-time IT role, demonstrating my ability to handle multiple technical responsibilities and deliver enterprise-grade solutions with 85% risk reduction for clients**. Joining **TechFlow Solutions Inc.** will enable me to continue to grow professionally and be challenged in new ways while contributing to your innovative technology initiatives.

My **5+ years of experience in network administration and systems management**, combined with my **CompTIA A+ certification and entrepreneurial background**, positions me well to bring both technical expertise and strategic thinking to your IT team. I am particularly excited about the opportunity to apply my experience with cloud migrations and security implementations to help **TechFlow Solutions** continue delivering exceptional service to your clients.

Once again, thank you for the interview opportunity. I am excited to be a candidate for the **IT Systems Administrator** position, and I hope to hear from you soon. Please feel free to contact me if you need any additional information.

**Sincerely,**

**Benjamin Sherman**
